OUR EXPERIENCE

Our team's expertise spans common legal matter types across four sub-industries in the Life Sciences field.

Customized Solutions for Life Sciences

PRESERVATION & FORENSICS

A dedicated team specialized in navigating complex data landscapes that exist across your industry brings a holistic and integrated approach to legal hold, collections forensics, and evidence management.

DATA INSIGHTS & ANALYTICS

Our data scientists and legal professionals continually innovate on custom AI-models for various sectors of the industry and drive a right-sized technology strategy for data insights throughout all phases of discovery.

GLOBAL DOCUMENT REVIEW

Even the most straightforward litigation can generate massive volumes of data. With more than 500 document review attorneys who specialize in Life Sciences matters, clients benefit from teams who understand the science and business process of bringing products to market, which minimizes start-up time and increases quality and efficiency.

DISCOVERY CONSULTING

UnitedLex's elite Life Sciences consultants design and deliver solutions that provide depth of understanding, mitigate risk, and result in better outcomes for legal departments including through our optimized discovery COEs, secondments, and expert discovery strategy.

TRIAL TEAM SUPPORT

Rely on UnitedLex for more than eDiscovery and document review. Clients leverage our teams' knowledge of the evidence to support deposition preparation, transcript and exhibit summaries, and critical real-time support during trial when finding the key documents quickly can be everything.

The UnitedLex Difference

OUR TEAM APPROACH

Life Sciences clients benefit from a global model with dedicated resources in each geography. Our training program is based on shared innovation with management rotations across offices. Our Life Sciences team work seamlessly with global counterparts and simply are the best in the business.

MEGA MATTERS

The world's top Life Sciences companies trust UnitedLex with their most complex and significant litigation and investigations. We partner with counsel and deliver proven results for second requests, class actions, multi-district litigations, and large government investigations.

“ UnitedLex is the best provider we've worked with in recent years. Your turn times and responsiveness are second to none.
